Alcarcia · All about

... as graphic designer & fron-layout developer; layout what you can see through a browser...

damalga.com

Thanks to your contribution buying ALCATAPES, we've funded a 6-month subscription through Patreon to One Army, supporting their mission for a sustainable future. They are also part of amazing circular innovative ideas like Precious Plastic, Project Kamp, Fixing Fashion, among others. Thank you for being part of this impactful journey.

Because of a recording system problem. Until the physical release of the ALCATAPE02, this record and the previous... ALCATAPE01 are free of charge in my bandcamp page.

damalga

Hello!

WHO I AM
I am Damian, from Madrid, Spain. I love designing simple and functional. Removing what is unnecessary, to create smart code and clean designs. I cannot stop improving my design skills and I am super into in new web coding experiences.

GRAPHIC   DESIGNER   AND   FRONT-LAYOUT   WEB   DEVELOPER

Front-end web tools
★★ Advanced knowledge in HTML, CSS, Sass, grid-layout, flex-box and any kind of stylesheets based library.

★★★ Mid level in Javascript, super into creative visual libraries and I'm super interested in any new in the node.js ecosystem.

★ Full coding energy.
Github, Bitbucket & Stack... User: damalga

Countless experiences as front-end developer in projects built on Ruby on Rails, React, Symfony... and many CMS's like Liferay, Drupal, Magnolia, Wordpress and AEM.

EDUCATION
50h on-site course in Javascript. Asociación Española de Programadores informáticos [2019 - 2 months]

50h on-site course + final project in web design and development. Escuela CICE [2016 - 4 months]

Graphic Design Degree in the Escuela Superior de Diseño de Madrid (ESDM) [2012 - 2017]

Erasmus in Aalto University school of arts, design and architecture [Finland] [2015 - 2nd semester]

WORK EXPERIENCE

Cheil Digital Graphic Designer, Cheil Spain. [2020 - Current]

Alcarcia — Website
Polymorphism Records — Website

Audio tools — Ableton

Open to **work** on projects that take **music** and **film** as a starting point. Drop an email with whatever you consider that could help you.

Play analog and digital... tapes + machines + vinyls... noise music & harsh power sounds mixed with some ambientals; danzzzable & not..

Do graphics for posters, releases, websites... especially for the web. Hot with js and linux... Check https://damalga.com /// 4 more info.
